Dear Carol Miller:

My name is also Carol Miller. I have also run for Congress, as an Independent in New Mexico in 2008.

Earlier this week, I received a letter from Vice-President Mike Pence, accompanied by a check from the Great America Committee for \$5,000 payable to Carol for Congress. (Enclosed)

This check was obviously intended for you, not for me. Due to a clerical error, it was sent to me.

I've spent my whole life working for everyone to have access to universal health care and opposing the corporate military establishment in the United States. (See Peaceful Skies Coalition [www.peacefulskies.org](http://www.peacefulskies.org)) I have spent my whole life working to alleviate the human suffering that is occurring around the country -- from the coal fields of Appalachia to the frontier communities of New Mexico. All over the United States, people are suffering from government actions that your policies would increase and perpetuate.

At the same time that I'm forwarding this check to you, I'm urging all of the Carol Millers in the US to support your opponent, Richard Ojeda in the November election. At least Ojeda has the courage to take on the powerful pharmaceutical lobbyists behind the West Virginia opioid tragedy and stand with the teachers during their historic strike for West Virginia children earlier this year.

While sending this contribution from the Vice-President to your campaign committee, I am also making a contribution to the campaign of Richard Ojeda. I am encouraging others to contribute to Ojeda and West Virginians to cast their votes for Ojeda, the candidate who will stand with them, not trample them underfoot as you will.

Sincerely,

A handwritten signature in blue ink that reads "Carol Miller". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

Carol Miller  
Independent
