Ms. Carol Miller
1316 12th Street
Huntington, WV 25701

Dear Carol,

President Trump and I stand with those who stand with us, and on the President's behalf, I'd like to thank you for your strong partnership with our administration. Because of your support, the past year-and-a-half have been defined by action, by accomplishment, and by promises made and promises kept.

Working together, we've been rebuilding our military, standing with our veterans, and securing our borders. We've been rolling back red tape at a record pace, giving small businesses and community banks the relief they need, and we enacted the largest tax cut and tax reform in American history.

Now we need to protect and build on our accomplishments. That starts by protecting and building on our strong majorities in Congress.

President Trump and I are committed to defend our majorities and to prevent Nancy Pelosi and Chuck Schumer from getting the promotions they desperately want. As we've seen before, they'll only take our country backward, and now is the time to move America forward.

Through Great America Committee, I am committed to support the President's allies and partners. Please accept this contribution as a sign of my appreciation of your support for our administration and our agenda.

With your continued support in Congress, with President Trump in the White House, and with God's help, I know that we'll finish what we've started, and we'll Make America Great Again.

Sincerely,

Vice President Mike Pence
